

Drinking Alone
Carrie Underwood

[Intro]

Em C Am x 2

[Verse 1]

Em
Let me make one thing clear
C Am
You can buy me a beer, but you ain't taking me home
Em C Am
No pick up lines, I came here tonight to shed a few tears on my own
Em
But sitting there across the room
C Am
I couldn't help but notice you seemed a little down on your love too
Em
Yeah, my heart might be breaking
C
But, this seat ain't taken
Am
And you've got me thinkin

[Chorus]

Em C
We should be drinkin' alone, together
Am
Drownin' the pain is better
B Em
With somebody else who got problems
C
We ain't gonna solve 'em
Am B
But misery loves company
Em C
Tonight all I need is a stranger
Am B
Lips with a whiskey chaser
Em C Am
And a corner booth kiss to make me forget that he's gone
B Em C Am
We should be drinking alone
B Em C Am B
We should be drinkin' alone, together

[Verse 2]

Em **C**
I don't know what she did to make you hurt like this
Am
But, I know just what to do
Em **C**
It starts with a bottle of good reposado
Am
And ends with a shooter or two
Em
Tomorrow when the sun comes up
C
Tonight's the night that never was
Am
Baby, just forget my name
Em
Won't be your one and only
C **Am**
But just cause we're lonely don't mean that we should

[Chorus]

Em **C**
We should be drinkin' alone, together
Am
Drownin' the pain is better
B **Em**
With somebody else who got problems
C
We ain't gonna solve 'em
Am **B**
But misery loves company
Em **C**
Tonight all I need is a stranger
Am **B**
Lips with a whiskey chaser
Em **C** **Am**
And a corner booth kiss to make me forget that he's gone
