**F**  
I ve been down  
**Bb**  
Now I m blessed  
**F** **Bb**  
I felt a revelation comin around

I guess it s right  
**Bb**  
It s so amazing  
**F** **Bb**  
Everytime I see you, I m alive  
**Gm**  
You re all I ve got  
**C**  
You lift me up  
**Gm** **Bb**  
The sun and the moonlight  
**C**  
All my dreams are in your eyes

Chorus:

**F** **Bb**  
I wanna be inside your heaven  
**Gm**  
Take me to the place you cry from  
**Gm** **Bb** **C**  
Where the storm blows you away  
**F** **Bb**  
I wanna be the one to hold you  
**Gm** **Bb**  
Every bit of air you re breathing in  
**C**  
A soothing wind  
**F**  
I wanna be inside your heaven

Bridge:

**Gm** **Bb**  
When minutes turn to days and years  
**Gm** **C**  
If mountains form I ll still be here  
**Gm** **Bb** **C**  
Holding you until the day I die

I wanna be inside your heaven  
Take me to the place you cry from

Where the storm blows you away  
I wanna be inside your heaven  
Take me to the place you cry from  
Where the storm blows you away  
I wanna be the one to hold you  
Every bit of air you re breathing in  
A soothing wind  
I wanna be inside your heaven
