

Smoke Break

Carrie Underwood

Intro: C

Verse:

She s a small-town, hard-working woman just trying to make a living
Working three jobs, feeding four little mouths in a run-down kitchen
When you never taking nothing and doing nothing but giving
It s hard to be a good wife and a good mom and a good Christian

Chorus:

She said, I don t drink
But sometimes I need a stiff drink
Sipping from a high, full glass
Let the world fade away
She said, I don t smoke
But sometimes I need a long drag
Yeah, I know it might sound bad
But sometimes I need a smoke break

Verse:

He s a big-city, hard-working man just trying to climb the ladder
First generation to go to college instead of driving a tractor
Never had nothing handed to him on a silver platter
It s hard to be a good man, good son, do something good that matters

Chorus:

He said, I don t drink
But sometimes I wanna pop that top
Take a swig and make the world stop

And watch it fade away **C**
