**C** **D**  
She s waiting, praying, that he don t drive tonight  
**Em** **G**  
She s pacing the floor, she s checking the time  
**C** **D** **Em**  
Wondering how the glow with that porch light hasn t gone out  
**G** **C** **D**  
Cause it s been on now for three days straight, his been nowhere to be found  
**Em** **G**  
Probably drowning in the neon, where the wagon broke down  
**C** **D**  
She called up his mama and his friends in town  
**Em**  
But they ain t seen him  
**D**  
Another night of no sleepin

[Chorus]

**C** **D**  
Round and around and around they go  
**Em** **D**  
Will it end? Nobody knows  
**C** **G**  
She s all cried out on the kitchen floor  
**Em** **D**  
Spinnin rooms, spinnin wheels, spinnin outta control  
**C Em D Em G**  
Spinnin bottles, spinnin bottles

[Verse 2]

**C** **D**  
He s in a hotel room with the TV on  
**Em** **G**  
Gettin lost in the static with the curtains drawn  
**C** **D** **Em**  
Knowin this could be the time that gets her gone for good  
**G**  
He d quit if he could  
**C** **D**  
But one down, two down, three down, four  
**Em** **D**

Can t even recognize the man in the mirror anymore

[Chorus]

**C** **D**  
Round and around and around they go  
**Em** **D**  
Will it end? Nobody knows  
**C** **G**  
He s passed out on the bathroom floor  
**Em** **D**  
Spinnin rooms, spinnin wheels, spinnin outta control  
**C Em D Em G C D Em G**  
Spinnin bottles, spinnin bottles

[Bridge]

**D**  
This ain t a game  
**Em**  
Nobody wins  
**G C D Em**

**Em C D G**  
Again and again, again and again, again and again

[Chorus]

**C** **D**  
So, round and around and around they go  
**Em** **D**  
Will it end? Nobody knows  
**C** **D**  
Can t live like this anymore  
**Em** **D**  
Spinnin rooms, spinnin wheels, spinnin outta control  
**C D Em**  
Spinnin bottles, spinnin bottles  
**G C D**  
Yeah, spinnin bottles  
**G**  
Spinnin bottles
