Standing at the back door

**F#**

She tried to make it fast

For one split second

**F#**

She almost turned around

**Ebm**

**Ebm**

Back into a cloud

**B**

So she took another step and said

**C#**

**F#**

I see the way out and I'm gonna take it

**F#**

**F#**

I don't wanna spend my life jaded

**F#**

**Ebm**

**Ebm7**

Waiting to wake up one day and find

**B**

**C#**

That I've let all these years go by

**F#**

**F#**

**F#**

**F#**
