Were Young And Beautiful
Carrie Underwood

We re Young and Beautiful
Tabbed by: angel_of_music

Watching a video, I saw that the guitarist shifted. So here s one way to play it:

```
e|-------------------------------------------------|
B|-------------------------------------------------|
G|-----------------------------------------5---| repeat
D|---5h7-7-5h7-7--12p11-12p11--5h7-7-7--7-5-5-----|
A|-------------------------------------------------|
E|-------------------------------------------------|
```

This is the same, but it s easier to play because you don t have to shift.

```
e|-----------------------------------------|
B|-----------------------------------------|
G|---------------7p5-7p5-----------------5--| repeat
D|--5h7-7-5h7-7-----------5h7-7-7--7-5-5----|
A|-----------------------------------------|
E|-----------------------------------------|
```

^^^^^^^^^^^^^^
I play this one for the intro because I can get more of the distortion.

To play the rest of the song, I suggest playing the one submitted by pighinator found
http://*?id=31258. If you notice, you can still hear the riff
out the song. So when you play the A chord. Just imagine this tab for the riff...

```
e|-------------------------------------------------|
B|--------------------3p2--3p2----------------------|
G|--0h2--2--0h2--2---------------0h2--2--2--2--0--0--| repeat
D|-------------------------------------------------|
A|-------------------------------------------------|
E|-------------------------------------------------|
```

...and blend it in with the A chord like this

```
e|--0----0--0----0----0----0----0-----0----0--0--0--0--0--|
B|--2----2--2----2----3p2--3p2---2----2--2--2--2--2--|
G|--0h2--2--0h2--2----2----2-----0h2--2--2--2--0--0--|
D|--2----2--2----2----2----2-----2----2--2--2--2--2--|
A|--0----0--0----0----0----0-----0----0--0--0--0--0--|
E|-------------------------------------------------|
```

You can be the judge of the strums.
