

American Dreams
Cartel

F#m **G**
Lately I ve felt so pathetic that it burns
F#m **G**
I can t sweat it cause I know I m gonna work this out
F#m **G**
Baby just sit back and forget about the world
F#m **G**
And how they always doubt that we can make it worth our while
F#m
I hear all the words you never say
G
And you can always walk away
F#m **G** **A**
Cause I can see it in your vacant smile

D **A**
We got caught up in American
Bm **G** **A**
Holding onto hope there and back again
D **G**
Taking back what s lost
Bm **A** **D**
Just to find it all buried in American dreams

F#m **G**
Oh dream dream dream
F#m **G**
Maybe we can start a scene or just screw all day
F#m **G**
We can run away, us together, find a home

Better weather, or
F#m **G** **A**
We can just stay here for a while

D **A**
We got caught up in American
Bm **G** **A**
Holding onto hope there and back again
D **A**
Taking back what s lost
Bm **A** **G**
Just to find it all buried underneath this weight
Bm **A** **F#m**
Iâ€™m starting to believe this is what you hate
Bm **A** **D**
And nothing s gonna work out the way it seems
