

If You Were Here
Cary Brothers

Intro: **D A C G** x3

Chorus:

D **A**
If you were here
 C **G**
I could deceive you
D **A**
And if you were here
 C **G**
You would believe
D **A**
But would you suspect
 C **G**
My emotion wandering, yeah?
D **A** **C** **G**
Do not want a part of this anymore

The rain water drips
Through the cracks in the ceiling
And I ll have to spend
My time on repair
And just like the rain
I ll be always fallin , yeah
Only to rise and fall again

If you were here
I could deceive you
And if you were here
You would believe

But would you suspect
My emotion wandering, yeah?
Do not want a part of this anymore

If you were here
I could deceive you
And if you were here
You would believe

But just like the rain
I ll be always fallin , yeah
Only to rise and fall again
