

Every Time We Touch  
Cascada

**Fm**                    **Ab**                    **Eb**                    **Db**  
I still hear your voice when you sleep next to me

I still feel your touch in my dreams  
**Db**                    **Ab**                    **Eb**                    **Fm**  
Forgive me my weakness, but I don't know why  
**Db**                    **Ab**                    **Eb**  
Without you it's hard to survive.
