```
                        F
Got an angel on my shoulder
Got a penny in my pocket
                        Gm
And I found four-leaf clover
C7                      F
And I put it in my wallet.

                        F
Wished on all the stars above me
And I caught the nearest rainbow
                        Gm
Gonna find someone to love me
C7                      F-Bb-F
Gonna find someone to love
```

CHORUS:
```
            Cm                  F           Bb
    Well I tossed a lot o  nickels in a wishing well
        Gm                      C
    And saved the fortunes that
                        F
      the fortune cookies tell
        Cm              F           Bb
    I ve got a lucky penny and a mustard seed
        G(7)                    C
    But a warm and tender love is all I need

                        F
And I want a love that lingers
And is stronger through and through
                        Gm
So I m gonna cross my fingers
C7                      F           Am
That I find a girl to love me true
Bb        C7              F-Bb-F
And I m gonna love her, too.
```
