

even though I am, I m always thinking about
Spending all my waking time forgetting about you
but you re under my skin

I know, you know, I don t know which way to go to loose you
to get away from you girl

Chorus

Lately, I ve been going crazy
cuz I want you baby
but you don t, so get out.
cuz I m breaking
and my soul is shaking
like my world is quaking
if I can t have you
Get out of my heart

You gave me a taste now I m wasted				

Chorus

Lately, I ve been going crazy
