My Life s Like a Country Song
Recorded by Casey Donahew Band

(No Capo)

[Intro]

D Bm G A D G A D

[Verse]

My life s a beat-up truck on an old dirt road
It s a cryin in the rain when the wind turns cold
It s an empty glass and a love gone wrong
My life is just like a country song

[Solo]

D G A D

[Verse]

It s like that first kiss when you re holding on tight
When two boys love one girl and you know they re gonna fight
It s these eighteen wheels that bring me home where I be-long
My life s just like a country song

[Chorus]

I ve spent all my time in these smokey bars
On a stage too small against a neon wall
And with the crowd that just can t stop singing a-long
My life s just like a country song

[Solo]

D Bm G A D G A D

[Verse]

D **Bm** **G** **A**
It s like winners and losers and a couple of broken hearts
D **G** **A** **D**
And a girl from my hometown who tore my world a-part
