CAPO 2

D A Em G

G A D
All her jet black hair is now turned to gray
G A D
Million stories she told, there's still so much to say
Bm C
But time takes its toll on the wildest of souls
Bm G A
And I miss her so, but I know when she goes.

CHORUS:

D A
She'll be singing cigarettes and whiskey, driving Jesus crazy
Em G
Sitting on the right knee of her lifelong love
D A
She'll be dancing on the tables, telling God she's grateful
Em G
For giving wings to one wild angel
Em D
When her name is called I know all will be well
G A
Cause I know she'll be up in Heaven raising Hell

D A

G A D
I can hear her now, telling some dirty joke
G A D
Yeah she's a fire like that, and I'm just burning smoke
Bm C
Going on about how she was engaged
Bm G A
Oh, then she met grandpa and then they ran away

CHORUS:

D A
Now they're singing cigarettes and whiskey, driving Jesus crazy
Em G
Sitting on the right knee of her lifelong love
D A
