

Natural Light

Casiotone for the Painfully Alone

I've put a chords version of the song first, though the chorus doesn't actually have any

In the chorus, there's just a piano melody (that follows the vocal line), but I've put

that follow the piano and vocal parts. I've put the piano part at the bottom of this tab.

Verse and chorus chords are almost identical. The only difference is that it doesn't go

to C for the last two bars.

The timing for chords and words aren't exact, just a rough guide from how I remember

to be.

[Verse]

C **F**
I've got some news on you from a friend

Am **Dm**
You're in Charlotte again

Am **G**
Teaching Spanish at high school

C **F**
You said you're going by Joy

C **F**
You cut your hair like a boy

Am **G**
And you don't talk to your old friends

[Chorus]

C **F**
I found the picture from before the fight

Am **Dm**
We're in natural light

Am **G** **C**
And you're sitting on my lap like everything's alright

[Verse]

C **F**
I've walked around with you on my mind

Am **Dm**
The names we used at the time

Am **G**
You know I've changed myself since then

C **F**

I ve thought on things that we said

C **F**
What if we d had the kid

Am **G**
I guess he d be fifteen.

[Chorus]

C **F**
I found the picture from before the fight

Am **Dm**
We re in natural light

Am **G** **C**
And you re sitting on my lap like everything s alright

Now here s the piano line for the chorus. The timing is a bit rough and ready,
work it
for yourself.
