Casting Crowns

Angel  
Casting Crowns

C                G                Am                F

C  
It was a day  
G  
Just like any other day  
Am  
I was a boy  
F  
Just like every other boy  
C  
When a girl  
G  
Unlike any I had seen  
Am  
It s like she stepped out of a dream  
F  
And into my world

F    G  
Could have been the summer wind  
F  
Playing with her hair  
G  
As the sun danced in her eyes  
F  
We were standing there  
G  
She smiled, I forgot my name  
  
Cause all I was thinking

C    G  
Maybe I m crazy but I m praying  
Am  
That an angel will love me  
F  
An angel will love me  
C    G  
Maybe I m a fool but I m still falling  
Am  
Asking heaven above me  
F  
For an angel to love me

**C G**

The rest of my life

**Am**

**F**

The rest of my life

**C**

**G**

You're the proof that the Father answers prayer

**Am**

Cause somehow in someway

**F**

You and I are standing here

**C**

With a sacred promise

**G**

And a ring that says it all

**Am**

Oh, I've just begun to fall

**F**

**C**

And from the deepest part of me I say I do

**G**

Maybe I'm crazy but I'm praying

**Am**

That an angel will love me

**F**

An angel will love me

**C**

**G**

Maybe I'm a fool but I'm still falling

**Am**

Asking heaven above me

**F**

For an angel to love me

**F**

**G**

And after all the changing seasons

**F**

Have turned to years

The crowds are gone

**G**

And the songs have faded

**F**

I'll still be here

Holding you

**G**

And thanking heaven

**C**

For my angel

(Softly)

**G**

Maybe I'm crazy but I'm praying

**Am**

That an angel will love me

**F**

An angel will love me

(Build to climax)

**C**

**G**

Maybe I m cra - z - y

**Am**

**F**

For praying an an-gel will love me

**C**

**G**

Maybe I m a fool but I m still falling

**Am**

Asking heaven above me

**F**

For an angel to love me

**C**

**G**

The rest of my life

**Am**

**F**

The rest of my life

**C**

**G**

The rest of my life

**Am**

**F**

The rest of my life

I am sure that there are many improvements to this tab.

This is my first tab ever, so anyone with corrections, please feel free to change this.

I love this song, and the band, and hopefully this tab doesn t sound too bad.

I have written it in the original key, standard tuning.
