

One Awkward Moment  
Casting Crowns

[Instrumental]

| Bb F | C | Bb F | C |

[Verse 1]

She s a castaway  
Stranded on the island of her yesterdays  
Freedom was her ocean, but she got swept away  
Little princess dreaming got lost somewhere in the waves

[Verse 2]

Left behind  
She s been going at this all alone since she was nine  
But God loves you, He s got a plan for you, she s heard all the lines  
But when she opens up her heart nobody s got the time

[Pre-Chorus]

Could this be the day that you come to the rescue?  
She s desperate for the light but she s never gonna ask you

[Chorus]

One word, one hand  
Tell me is that too high a price  
One awkward moment  
Could be the one that saves a life  
Your hurt, your scars  
God will use to open up her eyes
