Song: Praise You In This Storm

Tabbed By: Jeff Ruhnow [guitartabs@goldswimer.com]

Standard Tuning, Capo 1

Piano arranged for Guitar. (This is not how it actually goes, but since this part is mostly lead by the piano, I went ahead and just sorta made something up to play on guitar when playing by yourself, you can pretty much just play around with Dm, Bb, F, C with a 5th (G) on the top.)

```

[Verse]

```
Dm              Bb              F
I was sure by now God you would have reached down
      C5              Dm
and wiped our tears away, stepped in and saved the day.
      Bb              F              C5
But once again, I say amen that it s still raining
Gm              Bb5              F              C5
as the thunder rolls, I barely hear your whisper through the rain, I m with
you
      Gm              Bb5              F
C5
and as your mercy falls I raise my hands and praise the God who gives and takes
away.
```

[Chorus]

```
D5              Bb              F
And I ll praise you in this storm, and I will lift my hands
      C5              D5
that you are who you are, no matter where I am
      Bb              F
and every tear I ve cried you hold in your hand
      C5              Gm              Bb
you never left my side and though my heart is torn
      F
I will praise you in this storm
