Did I lie with you at night? Or just get drunk and fight. Aaaahh, Aaaahh BaddE Camel through the eye, Danny the lion s guy, Teach me what I know, oh these years did fly, I tamed the beasts you sent, controlled the elements, I loved, I lost, I cried, I took it in my stride, Е BaddE Summer, Autumn, Winter, Spring, what I said I meant everything, I was battered black and blue, but you got, you got me through. Aaaahh, Aaaahh BaddE Camel through the eye, Danny the lion s guy, Teach me what I know, oh these years did fly, BaddE I tamed the beasts you sent, controlled the elements, I loved, I lost, I cried, I took it in my stride Why do I run from myself, I run from me, I m so old and wise now, I m so young and free. Why do I run from myself, I run from me,

I m so old and wise now, I m so young and free.
