C Dm

C **Dm**
Boy, you re a bully

C **Dm**
Through the grass and the river you chase

C **G**
You were cruel, you were so mean

Dm **C**
Laughing right in my face

G **Dm**
All the while you had my back, my best friend

C **Dm**
I can still feel that smile on my face

C **Dm**
27 was a good year, the best

C **Dm**
The back of the bar watching me dance in a dress

C **G** **Dm**
Remember that night in Paris, all those candles you lit

C **Dm**
You and all the alcohol

C **Dm**
Sleeping on the street, sleeping on a train

C **G** **Dm**
Looking like a crook with a cane you come back home

C **C** **Dm**
With a twist of your tongue and a devilish smile on your face

C **Dm**
When you get sick

C **Dm**
You were through with fun and games

C **G**
Now that the times have all changed

Dm
I can t find you,

C **Dm**
I can t put you back into place

C **Dm**

Nothing could be done
C **Dm**
 For this young, wild son
C **G**
 Standing on the street in a hospital sheet
Dm **C** **Dm**
 All on the run from the police
C
 Dumb girl on your arm
G
 That look on your face
Dm **C**
 And all those crazy things you said to me
Dm **C**
 I can never forget
Dm **Am** **G**
 Everything you have to go through
F **G**
 With a smile on your face
Am **G** **F**
 Everything we now know, with a smile on our face
C **Dm** **C**
 Ha ha ha, we never forget
