Every Time I Dream
Cat Stevens

...EVERYTIME I DREAM... by Yusuf Islam
-----------------------...............

from Roadsinger (2009)

Intro:

E7, **A7**, **E7**

Verse 1:

E7   **B**   **F#**
 Every time I dream, I keep seeing streets and alley ways;
A   **E7**
 Places that I ve never known.

E7   **B**   **F#**
 Every time I dream, I am being lifted to a height,
     A   **E7**
That I too frightened to go.

Chorus 1:

E   **G**
 Then I wake up and find,
                Bm   **A**   **E7**
Everything s a-way, it seems, one night ago.

Interlude:

E7

Verse 2:

E7   **B**
 Every time I sleep,
            F#   **A**
I keep hoping this would be the night of nights,
                E7
That I see you a-gain.

E   **B**   **F#**
 As I close my eyes, like rims and curtains, slowly rising,
A   **E7**
 Upon an empty stage.

```
Chorus 2:

E                         G
 Then I m back in the stall,
               Bm                       A           E7
Sitting all a-lone, waiting for the show to begin.

Bridge 1:

A        C      E
 Ooh... ooh... ooh.
C        A      E   E7
 Ooh... ooh... ooh.

Verse 3:

E7             B                      F#
 Every time I dream, I would often find myself running,
A                           E7
 From a wild pack of lies.

E                B                      F#
  Till I reach a house, and I hear the judge upstairs,
    A                           E7
And look for a place to hide.

Chorus 3:

E                         G
 But if I saw you there,
           Bm                       A                      E7
I wouldn t dare dream again of opening my eyes.

Outro:

    E7    A7, G, E
Mmm-mmm...

CHORD DIAGRAMS:
