[Verse 1 - Father]

```
          G          D/F#          C          Am7
It s not time to make a change, just relax and take it easy

          G          Em          Am          D
You re still young, that s your fault, there s so much you have to know

          G          D/F#          C          Am7
Find a girl, settle down, if you want, you can marry

          G          Em          Am          D
Look at me, I am old, but I m happy

          G          D          C          Am7
I was once like you are now, and I know that it s not easy

          G          Em          Am          D
To be calm when you ve found something going on

          G          D          C          Am7
But take your time, think a lot, why think of everything you ve got

          G          Em          D          G
For you will still be here tomorrow, but your dreams may not

[Verse 2 - Son]

```
          G          Bm          C          Am7
How can I try to explain? cause when I do he turns away again

          G          Em          Am          D
It s always been the same, same old story

          G          Bm          C          Am7
From the moment I could talk I was ordered to listen

          G          Em          D          G
Now there s a way, and I know that I have to go away

          D          C          G
I know I have to go
