Great Welsh band from a few years back

INTRO - Verse chord sequence twice

It was strange glue that held us together

A **C#m B**
While we both came apart at the seams

E

B
While we ve still got the time

A **C#m B**
So I played along with her schemes

F# **B**
But I don t have the right to be with you tonight

G# **C#m**
So please leave me alone with no saviour in sight

G **B**
I will sleep safe and sound with nobody around me

E **B**
When faced with my demons

A **C#m B**
I clothe them and feed them

E **B**
And I ll smile, yes I ll smile

A **C#m B**
As they re taking me over

C#m **A7**
And if I cannot sleep for the secrets I keep

B **A**
It s the price I m willing to meet

The end of the night never comes too quickly for me
