

**As Footsteps Go By**  
**Catch 22**

Chord structure is simple

Intro and verse:

```
[tab]      E          B              A              Fsharp  A      E
G|-----|
D|-----|
A|-----6-7-9-----7-----|
E|-0--0-5-4-7-7-----5-5----5----2-2-2-4-5-4-2-----|[/tab]
```

(Note the E chord should be played as a "A shaped" bar chord and all the others use a "E shaped" bar chord)

Bridge

```
[tab]      E              A
Every night for 3 long weeks[/tab]
Fsharp minor              B
She roamed the hallways half asleep
[tab]      E              A
and as the footsteps fade away[/tab]
Fsharp minor              B
n my mind I could swear I could swear I heard her say
```

Chorus:

```
[tab] A          B
Don t wait for me[/tab]
E              Fsharp minor
Got lot to do got lot to be
[tab] A          B
and in the end maybe i ll see you there[/tab]
```

Then back to the verse chords with distortion

During the bridge and chorus parts, I use open chords, I m not sure if the band does it that way, but I like it better that way. This is my fisrt posting and probably won t be the last. Corections, suggestions are welcome
