**D**                          **A**  
So take my lies,  And take my time  
                          **E**  **A**  
Cause all the others,  want to take my life  
**E**                          **A**          **E**                          **A**  
O inverno é sério assim,  arranca de mim
