When I ride, I feel that flaming star  
That flaming star, over my shoulder  
And so I ride, front of that flaming star  
Never lookin around, never lookin around  
Flaming star, don t shine on me, flaming star  
Flaming star, keep behind me, flaming star  
There s a lot of livin I ve got to do  
Give me time to make a few dreams come true  
Flaming star

One fine day, I ll see that flaming star  
That flaming star, over my shoulder  
And when I see, that old flaming star  
I ll know my time, my time has come  
Flaming star, don t shine on me, flaming star  
Flaming star, keep behind me, flaming star  
There s a lot of livin I ve got to do  
Give me time to make a few dreams come true
