Cats on Fire

Hello! So I love the Cats on Fire and especially the song Fabric, but there aren't any chords on the internet so I tried to come up with them myself. I'm not an expert musician so ANY suggestions are welcomed! If anyone could actually write down what the electric guitar is playing it would be great!

PLEASE COMMENT ON CHANGES!

The chords are mostly barre, especially in the intro!

Intro: Dm Am Dm Am Dm Bb

F Am

F C
The footsteps in the stairs

Bb F
They just ruined my peace

C Am
With a layman's sense of style
Dm

He arrived

F C
And I never liked

Bb F
The cloak-and-dagger approach to love

C Am
But with that, one day at a time
Dm

I get by

F Bb
All the strain of being with him

C Am
I may appear insane

Am Bb F C
Someone in constant search for pain

F Bb
But seen against a backdrop

C Am
A fabric not that thin

Bb F
It's all good, I could've been

Dm Am
Forgetting the name of my lover

Dm **Am**
Moving right on to another
Dm **Bb** **F** **Am**
Going on like this my whole life through

Dm **Am**
I m so glad it s over
Dm **Am**
That I m here with my three-leaf clover
Dm **Bb** **F** **Am**
No longer out for someone new

But I, I never really saw the pieces fall into place
But I m sure I saw them try
Yes they tried

And I never really saw the pieces fall into place
But I m sure I saw them try
Yes they tried

All the strain of being with him
I may appear insane
Someone in constant search for pain

But seen against a backdrop
A fabric not that thin
It s all good I could have been

Breaking the bones of a lover
Moving right on to another
Going on like that my whole life through

I m so glad it s over
That I m here with my three-leaf clover
No longer after someone new

And that s why I ve come to this secret understanding with myself

Not another one
Not another one
No longer out for another one
No longer after someone new
