Its U
cavetown

[Intro] **G   G7M   Em   A7**

Em   **B**
I guess it s just another one of those nights
                                          G
When I ll spend way too much time
                                               Cm
On something so small that no one really cares about at all
Em   **B**
I guess it s just another one of those thoughts
                                    G
And I can t really find a cause
                                                     Cm
Whether it s all just in my mind or something more here in my life

G   **G7M**
It s u, it s u
Em
Oh God, it s u
A7
It s u
G
If you re awake then I am too
G7M
If you re lost then I ll find you
Em   **A7**
If you re hurt then I ll fix you
G
If you go blind I ll describe the view
G7M
If you can t feel then I ll hold you
Em   **A7**
If you fall know I ve got you

G   **G7M**   **Em**   **A7**
And if you fall down too far and I can t see you through these marks
G   **G7M**   **Em**   **A7**
And your eyes are covered in scars, and my head s filling with tar
Don t worry we ll find another way out

(**G   G7M   Em   A7**)

Em
Your silhouette doesn t look quite right
B   **G**
And I can never find the time
Cm

```
To bury my hands in words
B                              G                Cm
I d grow a new kind of evergreen tree, just for you and me
Em                                         Cm
On second thoughts, will you even remember me?

G
But it s always been u (it s always been u)
G7M
It s always been u (it s always been u)
Em                                      Cm
It s always been u (it s always been u)
G
It s always been u (it s always been u)
G7M
It s always been u (it s always been u)
Em
It s always been u
Cm
Is it me for u?
```
