

A Song For You  
Celine Dion

[Intro] Bm Em Em/C# F# Bm Em Em/C# Bm Bm/D Em Em/D F#7 Bm F#7

I couldn't live

I couldn't live without your love  
For one kiss

Well, I'd give everything up

There's no words that can describe what I feel deep inside

So I let this song say it all

Then I hope you'll understand

Once you've listened to the end

Heard the music in my head

So before I could forget

I start singing

Yeah I was singing this song for you

Just made up the words, yeah

My heart wrote the melody

So I can sing this song for you
