Celine Dion - Loved Me Back To Life

[Celine]

G **C**
I was walking pissed inside my head

G
You couldnâ€™t get out

C
Turn the lights down

G **C**
Voices inside are so loud.

G
You did a jump start

C
Gotta turn it on

G **C**
I couldnâ€™t feel, I wish that I could disappear

G **C**
The voices inside are so real.

G **D**
But you stood by my side.

D **D**
Night after night, night after night.

G **G**
You loved me back to life, life

G **D**
From the darkness the wait is over.

G **G**
You loved me back to life, life

G **D**
From the darkness, weâ€™re lovers again tonight.

G **G** **G**
Back to life, back to life, back to life, back to life, yeah

G **C**
Warm me up one touch Iâ€™m on fire

G **C**
Love me back to life, back to life, but I died.

G **C**
The voices inside were so quiet.

G **D**
But you stood by my side.

D **D**
Night after night, night after night.

G **G**
You loved me back to life, life
 G **D**
From the darkness the wait is over.
 G **G**
You loved me back to life, life
 G **D**
From the darkness, weâ€™re lovers again tonight.
.

G **C**
Strong hands, thick skin, and an open heart
 G **C**
You saw through the pain, saw through the mask
 G **C**
You never gave up on me, yeah

G **G**
You loved me back to life, life
 G **D**
From the darkness the wait is over.
 G **G**
You loved me back to life, life
 G **D**
From the darkness, weâ€™re lovers again tonight.
