Celine Dion - Loved Me Back To Life

[Celine]

**G#** **C#**  
I was walking pissed inside my head

**G#**  
You couldnâ€™t get out

**C#**  
Turn the lights down

**G#** **C#**  
Voices inside are so loud.

**G#**  
You did a jump start

**C#**  
Gotta turn it on

**G#** **C#**  
I couldnâ€™t feel, I wish that I could disappear

**G#** **C#**  
The voices inside are so real.

**G#** **Eb**  
But you stood by my side.

**Eb** **Eb**  
Night after night, night after night.

**G#** **G#**  
You loved me back to life, life

**G#** **Eb**  
From the darkness the wait is over.

**G#** **G#**  
You loved me back to life, life

**G#** **Eb**  
From the darkness, weâ€™re lovers again tonight.

**G#** **G#** **G#**  
Back to life, back to life, back to life, back to life, yeah

**G#** **C#**  
Warm me up one touch Iâ€™m on fire

**G#** **C#**  
Love me back to life, back to life, but I died.

**G#** **C#**  
The voices inside were so quiet.

**G#** **Eb**  
But you stood by my side.

**Eb** **Eb**  
Night after night, night after night.

**G#**          **G#**  
You loved me back to life, life  
          **G#**                                  **Eb**  
From the darkness the wait is over.  
                  **G#**                                  **G#**  
You loved me back to life, life  
          **G#**                                  **Eb**  
From the darkness, weâ€™re lovers again tonight.

**G#**                                  **C#**  
Strong hands, thick skin, and an open heart  
          **G#**                                  **C#**  
You saw through the pain, saw through the mask  
          **G#**                                  **C#**  
You never gave up on me, yeah

**G#**          **G#**  
You loved me back to life, life  
          **G#**                                  **Eb**  
From the darkness the wait is over.  
                  **G#**                                  **G#**  
You loved me back to life, life  
          **G#**                                  **Eb**  
From the darkness, weâ€™re lovers again tonight.
