Celine Dion - Loved Me Back To Life

[Celine]

**A** **D**  
I was walking pissed inside my head

**A**  
You couldnâ€™t get out

**D**  
Turn the lights down

**A** **D**  
Voices inside are so loud.

**A**  
You did a jump start

**D**  
Gotta turn it on

**A** **D**  
I couldnâ€™t feel, I wish that I could disappear

**A** **D**  
The voices inside are so real.

**A** **E**  
But you stood by my side.

**E** **E**  
Night after night, night after night.

**A** **A**  
You loved me back to life, life

**A** **E**  
From the darkness the wait is over.

**A** **A**  
You loved me back to life, life

**A** **E**  
From the darkness, weâ€™re lovers again tonight.

**A** **A** **A**  
Back to life, back to life, back to life, back to life, yeah

**A** **D**  
Warm me up one touch Iâ€™m on fire

**A** **D**  
Love me back to life, back to life, but I died.

**A** **D**  
The voices inside were so quiet.

**A** **E**  
But you stood by my side.

**E** **E**  
Night after night, night after night.

**A A**

You loved me back to life, life

**A E**

From the darkness the wait is over.

**A A**

You loved me back to life, life

**A E**

From the darkness, weâ€™re lovers again tonight.

.

**A D**

Strong hands, thick skin, and an open heart

**A D**

You saw through the pain, saw through the mask

**A D**

You never gave up on me, yeah

**A A**

You loved me back to life, life

**A E**

From the darkness the wait is over.

**A A**

You loved me back to life, life

**A E**

From the darkness, weâ€™re lovers again tonight.
