Celtic Thunder

Pretty sure this is right. Feel free to comment and/or fix any problems.

Capo 5

C **Am**
So see the leaves fall to the ground
F
And see them lying all around
C
cause still I can't see you
C **Am**
And there's a wind that plays in the air
F
Flying around how it does not care
C
Still I can't see you
C **Am**
And the seasons pass away
F
And I still sit here lonely
Each and every day
Am
Wondering what's gone wrong
cause I don't remember
F
Seasons lasting oh so long
C
Oh so long
C **G** **F**
And I still can't see you
And I still can't see you
And I still can't see you
C **Am** **F** **C**
Lauren and I, Lauren and I
C **Am**
And there's the stars way in the sky
F
Leading my way and I don't know where or why
C
Still I can't see you
C **Am**
And when my back's against the wall
F
I see a reason for it all
C
But still I can't see you
C **G** **F**

And I still can t see you
And I still can t see you
And I still can t see you
