

Day After You
Chad Brownlee

Same chords the entire song.
Standard tuning.

G# - Eb - Fm - C#

Capo 2

You wouldn't give me a reason
But I didn't really need it
Cause you told me with that look on your face

Maybe I'm just naive
But I always believed
There was no one who could take my place

You're probably out there traveling with him
Singing your favorite song
Like nothing was ever wrong
Well I'm barely hanging on
You're holding on to someone new
And I'm trying to get through
Trying to get through
The day after you
The day after you

Does he tell you he loves you
Is it real when he's making love to you
Do you think about me when he's kissing on your skin
I hate that he's with you and I hate that I miss you
Cause you're happier than you've ever been
Ohhhhhhhh
And here I am just trying to pretend

I'm singing your favorite song
Like nothing was ever wrong
Well I'm barely hanging on
You're holding on to someone new
And I'm trying to get through
Trying to get through
The day after yooooooooo
The day after yooooooooo

Yeah I know that you're in love with him
Singing your favorite song
Like nothing was ever wrong
Well I'm barely hanging on
You're holding on to someone new
And I'm trying to get through

Tryin to get through
The day after yoooooooo
The day after yoooooooo
The day after yoooooooo
The day after yoooooooo
