verse 1

**C**  
they had cities built there  
**F**  
buried deep underground  
**C**  
people had their hearts plugged into  
**G**  
a giant machine that could circulate blood

chorus

**F** **G**  
please please please

thats all they could say is

**F**  
please please please

**C**  
help us escape

**F**  
from the blood machine

**C**  
help us escape

**F**  
from the blood machine

verse 2

one of them explained to me

how they used to be free

before the machines got built

and before there were laws regulating free will

chorus

please please please

thats all they could say

is please please please

help us escape

from the blood machine

help us escape

from the blood machine

verse 3

**G**

cause if one of us implodes

**F**

then everybody dies

**G**

**F**

you gotta switch the thing off from the inside

**C**

it ll kill us all
