Capo: 1ist fret

```
G          C
Sleep all day
                        G
Just waiting for the sun to set
            C
I hang my clothes
          G
Up on the line
G       C
When I die
                              G
I ll hang my head beside the willow tree
            C
When I m dead
          G
Is when I ll be free

D                       C
And you can take my body
