

Before It Explodes
Charice

A E F#m

Ohhh

A E F#m

Ohhh

A E F#m

Is not a question of love

A E F#m

Cause our love has never changed

D A Bm

But all the little things keep piling up

D A Bm7

And life keeps getting in the way

D

Don't make it harder than it is

Bm

We both knew it come to this

C#m

Better now than in a year

F#m E

More nights of tears and we'd both hate each other

D

The fuse is already lit

Bm

So how about a final kiss

C#m

Just let it go...

F#m E D Bm

And stop the madness before it explodes

C#m

Before it's out of our control

F#m E D Bm

Lets stop the madness before it explodes

C#m

We gotta let it go

F#m E A

Before it all explodes

A E F#m

Some things we won't understand

A E F#m

And we're so tired of being misunderstood

D A Bm

So lets just turn around and walk away

D A Bm7

And hold on to what was good

D

D
There ain't nothing that can save us
E
We're just too close to the edge
F#m
And what's the use of going on

A
If we're lying to each other
D
Every word that is said

It's too late for us now
Bm7
Cause we can never count down
C#
It's getting close, it's gonna blow

F#m E D Bm
