E **B** **C#m-B-**
Let the sun refuse to shine
A **G#m** **F#m** **B**
It won't be long before the days are brighter
E **G#m** **C#m** **B**
If every step's an uphill climb, oh hoh hoh
A **G#m** **F#m** **B**
Carry on until they feel much lighter
A **G#m** **F#m** **C#m**
For all the clouds up in the sky, hoh
A **G#m** **F#m**
For all the teardrops in our eyes

Chorus

B
It can only get better
E **G#m** **A**
Be still my heart
E
It can only get better
G#m **A**
We've come this far
F#m
It can only get better
G#m
I know it hurts
A **B**
For what it's worth
E
It can only get better

E **B** **C#m-C#m7/B**
If he should ever come our way
A **G#m** **F#m** **B**
Dry the tears and look somewhere above him
E **G#m** **C#m** **C#m7/B**
Might be easier to say than do
A **G#m** **F#m** **B**
But just pretend that you no longer love him
A **G#m** **F#m** **C#m**
When your back's against the ropes, hoh
A **G#m** **F#m**
When you miss someone the most
