

Human

Charlene Kaye

Here's another Charlene Kaye song! Hope you like it :)

INTRO: **Dm C Dm C**

**Dm**

Worshipped a deity

**C**

A false god i praised

**Dm**

He had two legs to walk

**C**

And a smile on his face

**Dm**

He seemed infallible

**C**

I thought someone this great

**Dm**

**F**

Surely must be from above

**C**

**G**

Not from this place

**Dm**

**F**

And what a gorgeous view for me

**C**

I would follow you to anywhere you traveled

**G**

With a rose in my teeth

**Dm**

**F**

Thought you were a god in skin

**C**

But you re only human

**G**

Human

**Dm**

**F**

You said it all

**C**

**G**

Human, human

**Dm**

**F**

By saying nothing at all

**Dm**

Well, time saw us take the fall

**C**

But you stayed in one piece

**Dm** (strum hard and stop)

Cuz if you bleed after all

**C**

It ain't over me

**Dm** **F**  
Baby, you let me down  
**C** **G**  
And just my blinded eyes are to blame  
**Dm** **F**  
Cuz who could love, still, without the power of sight  
**C** **G**  
Across the sea that holds us in place?

**Dm**  
So get out of my mind  
**F**  
And get out of my heart  
**C**  
It's only midnight here in Arizona  
**G**  
But the sun's come up where you are  
**Dm** **F**  
I don't blame you for wandering...

**C**  
Cuz you're only human  
**G**  
Human  
**Dm** **F**  
You said it all  
**C** **G**  
Human, human  
**Dm** **F**  
By saying nothing, oh nothing  
**C** **G** **Dm** **F**  
You're only human, human, ooh ooh...  
**C** **G**  
Human, human  
**Dm** **F** (fade)  
I thought you were so much more...

Okay that's it! Hope it is accurate enough, if not you can correct me in the comments!!
