

Body Of My Own  
Charli XCX

**Bm**                    **A**                    **G**                    **A**  
You re so damn cold You got no feeling

**Bm**                    **A**                    **G A**  
I want my blood hotter

**Bm**                    **A G**                    **A**  
Not satisfied I need to taste it

**Bm**                    **A**                    **G A**  
Your sex is so over

**Bm**                    **A**                    **G**                    **A**  
Got the gun in my hand and I point it straight

**Bm**                    **A**                    **G**                    **A**  
To the target and I m gonna blow my brains

**Bm**                    **A G**                    **A**  
I don t need you, my touch is better

**Bm**                    **A**                    **G A**  
I m rolling much hotter

**D**                    **A**                    **Em**                    **Bm**  
Lights out, I m on Got my darkness I m into myself, don t need you.

**D**                    **A**                    **Em**  
Cause I m gone, so high Got my darkness I m into myself, don t need you.

**D**                    **A**  
Cause I can make it feel just like I m hanging on.

**Em**                    **Bm**  
Yeah, I can do it better when I m all alone.

**D**                    **A**                    **Em**                    **Bm**  
Lights out, so high All alone I got a body of my own.

**Bm**                    **A G**                    **A**  
I m in control My hands are shaking

**Bm**                    **A G A**  
My skin s getting wetter

**Bm**                    **A G**                    **A**  
I m coming close It s overloaded

**Bm**                    **A G A**  
I walk in with fire

**Bm**                    **A**                    **G**                    **A**  
Spin around in my head, I m screaming out

**Bm**                    **A**                    **G**                    **A**  
But with you in the room I can never shout

**Bm**                    **A G**                    **A**  
This heroin, I m sinking so deep

**Bm**                    **A**                    **G A**  
Wish I could stay here forever

Lights out, I m on Got my darkness I m into myself, don t need you.
