**C**  
The naked and hungry, mothers and fathers  
**Am** **G?**  
Abuses, excuses, and guns in your hands  
**C**  
And I even welcome the arrogant man  
**Am** **G?**  
I welcome you all to the biggest of feasts  
**C**  
A night of no shame

To pause and to breathe  
**Am** **G?**  
This is a night of love s renovation  
**C**  
A feast I am sure that could change a whole nation

Me, I am not such an excellent host  
I am one who forgives but needs it the most  
I found the liar, the killer of hearts  
And I ran away with a new way to start  
I journeyed a road where a bright man appeared  
He looked into me, and my eyes filled with tears  
My breath fast and short and my heart burning deep  
He gave me new eyes and a new way to see

**C** **F** **Am** **F**

So come as you are, as you are, as you are

**C F Am F**

So come as you are, as you are, as you are

I still defiled his great love ways  
I felt such a famine when I ran away  
I missed the presence, the voice like a song  
I was nasty and dirty, I knew I was wrong  
But he ran to me like a dream like a father  
This love is not earthly this love must be other  
He carried me home and threw me a party  
A party so loud like the greatest love story  
Oh my dear friend applaud now please  
I've invited your heart to announce you are free  
He takes your chains, busting you out of prison  
Just open your heart, let your heart come and listen

Come as you are, as you are, as you are

Come as you are, as you are, as you are

Who could accept all your pounding and screaming  
Your raging, your freaking, cussing, and beating  
All while He holds you and always forgiving  
This is the story of love and of living  
Wipe off your tears and laugh just a little  
Come break this bread, celebrate the Forgiver  
Raise up a glass, a time to remember  
Come break this bread, celebrate the Forgiver.

Come as you are, as you are, as you are

Come as you are, as you are, as you are
