Micah 68
Charlie Hall

Micah 6:8
Charlie Hall

Intro: **Am**-**G**-**D/F#**-**C**

```
                Am                    G                  D/F#              C
You could feed the whole world with the crumbs of old bread
Am                  G              D/F#        C
Spread the good news through dreams and stones
        Am                G                D/F#          C
With a breath of the wind You could raise up the dead
          Am  G    C
But You ask us to go

                 G                    C
Help us love mercy, help us do justly,
                                      Em        D          C
Help us walk humbly with You God

  Am               G            D/F#          C
Forget not the widow, the orphan, and slave
    Am          G              D/F#      C
O God please remember the helpless today
Am          G          D/F#            C
Call on Your children repairing the breach
           Am              G              D/F#          C
There is no place too far that Your mercy canâ€™t reach
```

Chorus
