

What Color Is The Wind
Charlie Landsborough

What Color Is The Wind
By Charlie Landsborough

Capo 1

A **D**
What colour is the wind, Daddy
D **A** **D**
Is it yellow, red or blue
F#m
When he s playing with my hair, Daddy
E
Does he do the same to you
D
When he s dying does his colour fade
A **F#m**
Is a gentle breeze a lighter shade
E
Just like his friend the sea
A
The wind feels blue to me

When the blackbird starts to sing, Daddy
Do the flowers hear him, too
When he s pouring out his heart, Daddy
Tell me, what do roses do
Do they cast their scent upon the air
And is fragrance just a rose in prayer
Giving thanks to God above
For the blackbird s song of love

Chorus:

D **A**
Blow, wind, blow
E **A**
Wild and free
D **A**
My Daddy says
E **D** **A**
You re a lot like me
E
I know each colour
D **A**
Its shape and size
E

I ve seen them all

A

With my Daddy s eyes

I know that grass is green, Daddy
I ve touched it with my toes
And snow is purest white, Daddy
I ve felt it with my nose
But my favourite colour has to be
The colour of your love for me
And Daddy, I ve been told
That love is always gold

Chorus

My Daddy says
You re a lot like me
What colour is the wind
