

Let The Meter Run
Charlie Mars

F **C** **F**
I know you want me, but you donâ€™t want me to know
Bb **F** **C**
I know you need me, but youâ€™re afraid to show me
F **C** **F**
If youâ€™re in the darkness, and youâ€™re full of doubt
F (stop)
I want you know, I want you to know
Bb
That you can make it through the heartache
F **C**
You can make till the stars come out
Bb **C**
Oh, uh
Put your head on my chest and,
F **C** **F** **Bb**
Listen, listen, listen, listen to that beet hey
F **C** **Fm**
Donâ€™t listen to me, I donâ€™t know nothing baby
No I donâ€™t
F **C** **F**
Maybe we can make up with that voice in your head
Bb
Take it out for a drink
F **C**
Maybe we could tie it up to the bed
F **C** **F**
If youâ€™re in the darkness, and youâ€™re full of doubt
F
I want you know, I want you to know
Bb
That you can make it through the heartache
F **C**
You can make till the stars come out
Bb **C**
Oh, uh
Put your head on my chest and,
F **C** **F** **Bb**
Listen, listen, listen, listen to that beet hey
F **C** **Bb**
Donâ€™t listen to me, Iâ€™m just acting like I know
C **F**
