of things I like about you

E

I ve told you most of them

D **F** (on fifth)

But I hope at least a few are new

Pre-chorus:

You ve made me a better me-eeee

There s nothing I enjoy more than your company

If you ve made a promise, I know you ll see it though

And I think you re beautiful even if you can t see it too

E A

and if you can t see it too

Chorus:

E **G** **D**

This is a reminder that I like you

E **D** **A**

E **G** **D**

Put it in your pocket, you can take it with you

E **D** **A**

E **G** **D**

Play it in your head or sing it in the shower

You make me proud when you act how you want to be

E

Long or short

D **F** (fifth)

I like your hair length equally

Pre-chorus

G **D** **E**

I could trust you with my so-o-ul

And I love how much you love it when I take control

You ve helped me overcome so much of what I feared

G **D** **A**

and you re not afraid to tell me what you know I need to hear

E A

and since you can t be near

Chorus:

E **G** **D**

This is a reminder that I like you

E **D** **A**

E **G** **D**

Put it in your pocket, you can take it with you

E **G** **D**

And if you need more than I can sing it louder

You know, this song isnt too complex

But simply how I feel about you

There s no read between the lines here, no hidden subtext

G **D** **A**

Just a song about someone that s true

E **G** **D**

So, this is a reminder that I like you

E **D** **A**

E **G** **D**

Put it in your pocket, you can take it with you
