**A**

From the moment that I saw you

**E6**

Yeah, it had to be love

**G**

Girl, I can t help but adore you

**Dmaj7**

Knew you d fit me like a glove

**A**

What a life we have in store

**E6**

To spend together and stuff

**G**

You re a beauty; what a cutie

**Dmaj7**

It s undoubtably [sic] love

**A E6 G Dmaj7 A E6 G Dmaj7**

It s undoubtably love

**A E6**

My legs are going weak and my heart s beating fast

**G Dmaj7**

I m knowing I should speak to her, but I m not sure what to ask

**A E6**

I feel like my technique might not be up to the task

**G Dmaj7**

But she s the love that I do seek and, hey, she s got a nice ass

**Dm A(ii)**

And when she looks at me, I hope she ll feel the same

**Dm F**

Due to the hormone that s released inside her brain

**A C#7 F#m B7 Dmaj7 E7 A**

Dopamine, do-o-o-o-o-pamine

**A E6 D F**

It s a catecholamine neurotransmitter

**A E6 D F**

Which means it sends a message in your brain

**A E6 D F**

To tell you that you think that girl you re looking at is fitter

**A E6 D F**

To make offspring with than any other dame

**A E6**

And when she looks at me, yes, I can feel it beating

**G Dmaj7**

I can tell from the shortness of my breath

**A E6**

That my body has reacted to our wandering eyes meeting

**G Dmaj7**

And the hormone s comparable to meth

**Dm A(ii)**

But methamphetamine s a drug of which I m clean

**Dm** **F**  
Though I can't say the same of dopamine

**A C#7 F#m B7 Dmaj7 E7 A**  
Dopamine, do-o-o-o-o-pamine

**A** **E6**  
But dopamine's just one half of the tale

**G** **Dmaj7**  
The chemical that gets you in the mood

**A** **E6**  
There's another guy that you'll need to prevail

**G** **D F**  
If you want to see your partner in the nude

**G** **F**  
Dopamine is useless without norepinephrine

**G** **F**  
Focusing your efforts on one girl

**G** **F**  
Telling you that she's the one who's making your head spin

**G** **F**  
If this were an oyster, then she'd be the pearl

**A** **E6 G** **Dmaj7**  
And so I lock eyes with this girl, ready for our love to unfurl

**A** **E6** **G** **F**  
I just want to curl up to her, but she's looking at me like she's ready to hurl

**Dm** **A(ii)**  
I guess this lady doesn't feel the same

**Dm** **A(ii)**  
I thought there was a spark, but it didn't light the flame

**Dm** **A(ii)**  
But I still have the urge to ask her name

**Dm** **F**  
But that's not me, that's the hormone in my brain

**A E6 D F A E6 D F A E6 D F A E6 D F**  
Dopamine, dopamine, dopamine, dopamine

**A E6 D F A E6 D F**  
And don't forget norepinephrine, norepinephrine

**A E6 D F A E6 D F A E6 F#m B7 Dmaj7 E7 A**  
Dopamine s best friend, norepinephrine, norepinephrine, norepinephrine

**A E6**  
From the moment that I saw her, yeah, I knew it was love

**G Dmaj7**  
Couldn t help but adore her; thought she d fit me like a glove

**A E6**  
But it turned out that my thoughts were just impulses not enough

**G Dmaj7**  
To get this beauty s pretty booty; it s just chemical love

**A**  
It s just chemical love
