

Id Rather Love You  
Charlie Pride

**F** **Bb** **F**  
If tonight could be our last night together

**Bb** **C7**  
I m not sorry that we fell in love at all

**F** **Bb** **F** **Bb**  
If tomorrow s sun should find me hurting for you I know

**F** **Bb** **F** **C7** **F**  
That the price for loving you would still be small

**Bb** **C7** **F**  
For I d never know the thrill of your sweet lips

**Bb** **F** **C7**  
And the chill I get just knowing that you re mine

**Bb** **C7** **F** **Bb**  
Cause I d spend my life not knowing what real love is oh no

**F** **Bb** **F**  
oh I d be hurting I m still certain

**Bb** **F** **Bb** **F**  
That I d rather love and lose you

**C7** **F**  
Than never know your love at all

**Bb** **F**  
Yes I d rather love and lose you

**C7** **F**  
Than never know your love at all
