

Generation Spent

Charlie Winston

Okay this is a very simple but fun song to play with the same set of chords in the verse and chorus making it incredibly easy to pick up if you listen to the song.

G 320033
G/B x20033
G/E xx2033
G/D x00033
G/C x30033

Intro

G G/B G/E G/D G/C G/B G/D

And then this chord sequence is used for both the verse and chorus

Verse

Looking out at the emptiness of faces
Makes me wonder what a wonder world this is
Is this another generation in the darkness?
Everybody is someone else's opinion

I don't wanna be a victim of this culture
More prey for a people to dispose of
Anytime I try and come to some conclusion
I'm only faced with confusion. Confusion

Chorus

Welcome to a generation spent! Do do do do do do do do
We're all dead and spent
Welcome to a generation spent! Do do do do do do do do
We're all dead and spent

Verse

Everybody's disillusioned with religion
No one really wants to talk about or question God
You're only someone if you're seen on television
I would love to sit back and turn the whole world off

Cause I don't wanna be a victim of ya culture
Giving money to a people I'm ashamed of
I'm happiest when reality is dreamed up
To socialize is to compromise myself

Chorus X3
