

Illusion

Chase Goehring

When i say G i this song I mean a little differnt chord. It should be like this: 3:rd fret on sixt string, 2:nd fret on the fifth string and first fret on the second string and don t play the first string. Otherwise it s like normal ;)

[Verse 1]

C **F**
Why is it hard to see
C **G**
The plain reality
C **F** **C**
When your heart is focused on another
C **F**
Loving you feels alright but
C **G** **C**
In the back of my mind it donâ€™t feel right
F
Are you here to stay
C
I need to know, know, know

[Chorus]

C **F**
My brain is telling me let go
C **G** **C**
My heart is telling me â€œoh noâ€•
F **C** **G**
Here I am in caught in the violence, the violence, whoa
C **F** **C**
Do I stay or do I go
G
Should I run away I donâ€™t know
C **F** **C** **G**
Here I am stuck in the middle, the middle.

[Hook]

C **F**
I was living in-in-an-illusion
C **G** **C**
Blinded by love, blinded by love
F
I was living in-in-an-illusion
C **G**
Blinded by love, blinded by love

[Verse 2]

Am

Am **F**
You know how that story goes
C
When the one you love most
G **Am**
Doesnâ€™t feel close anymore
F
And all that you can do
C
Is paint yourself blue
G
Say itâ€™s gonna be okay
Am
You know that isnâ€™t true

[Bridge]

Am **F** **C**
Hypocrisy puts bad taste in the history
Am (Break)
Taken away many memories that you given to me
Am **F**
And know that I have left
C
Me myself and I
G
Said I wish you the best
Am (Am in 1/16 triplet for a whole stroke)
But I know that itâ€™s a lie

[Chorus]

Am **F**
My brain is telling me let go
C **G** **Am**
My heart is telling me â€œoh noâ€•
F **C** **G**
Here I am in caught in the violence, the violence, whoa
Am **F** **C**
Do I stay or do I go
G
Should I run away I donâ€™t know
Am **F** **C** **G**
Here I am stuck in the middle, the middle.

[Hook]

Am **F**
I was living in-in-an-illusion
C **G** **Am**
Blinded by love, blinded by love
F
I was living in-in-an-illusion
C **G** **C**

Blinded by love, blinded by... you
