

Love You More  
Chelsea Cutler

[Verse 1]

**Em**                    **D**                    **C**                    **G**  
It s 7 in the morning why you calling  
**Em**                    **D**                    **C**                    **G**  
You say that you just wanna hear my voice  
**Em**                    **D**                    **C**                    **G**  
Am i supposed to pick up or be honest  
**Em**                    **D**                    **C**                    **G**  
Cause you ve been leaving me without a choice

[Pre-Chorus]

**Em**                    **D**                    **C**                    **G**  
My mind s been made up and i don t wanna give in  
**Em**                    **D**                    **C**                    **G**  
We said it was done so why are we still here

[Chorus 1]

**Em**                    **D**  
Yeah, i m begging you to stay  
**C**                    **G**  
Leave your car keys on the table  
**Em**                    **D**  
And just dance with me instead  
**C**                    **G**  
Didn t think it d be so painful  
**Em**                    **D**  
Watching you walk out the door  
**C**                    **G**  
When all of me wants to hate you  
**Em**                    **D**                    **C**                    **G**  
Cause i know that i could love you more

[Verse 2]

**Em**                    **D**                    **C**                    **G**  
Telling all your friends that you don t want me  
**Em**                    **D**                    **C**                    **G**  
Leaving with somebody you just met  
**Em**                    **D**                    **C**                    **G**  
Going out all week like you forget me  
**Em**                    **D**                    **C**                    **G**  
While i m sleeping with your hands around my neck

[Pre-Chorus]

**Em**                    **D**                    **C**                    **G**  
My mind s been made up and i don t wanna give in  
**Em**                    **D**                    **C**                    **G**  
We said it was done so why are we still here

[Chorus 1]

Yeah, i m begging you to stay  
Leave your car keys on the table  
And just dance with me instead  
Didn t think it d be so painful  
Watching you walk out the door  
When all of me wants to hate you  
Cause i know that i could love you more

[Chorus 2]

Sleeping on my own  
While my thoughts will try to drown me  
Before i can reach the phone  
Call you and ask you how d we  
Get so far away from home  
Didn t think it d hurt without you  
But i know that i could love you more

[Bridge]

It s 7 in the morning why you calling?  
You say that you just wanna hear my voice

[Chorus 1]

Yeah, i m begging you to stay  
Leave your car keys on the table  
And just dance with me instead  
Didn t think it d be so painful  
Watching you walk out the door  
When all of me wants to hate you  
Cause i know that i could love you more

[Chorus 2]

**Em** **D**  
Sleeping on my own  
**C** **G**  
While my thoughts will try to drown me  
**Em** **D**  
Before i can reach the phone  
**C** **G**  
Call you and ask you how d we  
**Em** **D**  
Get so far away from home  
**C** **G**  
Didn t think it d hurt without you  
**Em** **D** **C** **G**  
But i know that i could love you more
