**Chelsea Wolfe**

Tuning: C# Standard (C#-F#-B#-E-G#-C#)

[Verse]

**Em** **G**  
All the parts of me that lived inside  
**Em** **G**  
Are drowning in the sea of waking life  
**Em** **G**  
They don t know their colors don t belong on the outside  
**Em** **G**  
They don t know their colors don t belong

[Chorus]

**C** **Em**  
til they re spread across the open road  
**C** **Em**  
til they re spread across the asphalt on the open road  
**C** **Am**  
til they re streamin in the wind like cassette tape or jellyfish  
**C** **Em** **G**  
Long dark veins and records playing, memories...

[Verse 2]

**Em** **G**  
All the things we yell don t mean a thing  
**Em** **G**  
When we re spinnin out of darkened meadow wind  
**Em** **G**  
When we re flying like we re Mary s angels, through the shattered glass  
**Em** **G**  
When we find that tall dark shadow waiting there with outstretched hands  
**Em** **G**  
He has given me a dress of red, and you, a skin of gray  
**Em** **G**  
We ll be twistin here for hours, til the light will bring us day

[Chorus]

**C** **Em**  
til they re spread across the open road  
**C** **Em**  
til they re spread across the asphalt on the open road  
**C** **Am**  
til they re streamin in the wind like cassette tape or jellyfish  
**C** **Em** **G**  
Long dark veins and records playing, memories...
